SUMMARY

A self-taught web developer with a B.Tech in Biotechnology and over 12 years of experience in the banking sector. After a successful career in banking, I transitioned to software development in 2023. I have gained hands-on experience in HTML, CSS, JavaScript, and React through self-directed learning and various personal projects. Passionate about building responsive and user-friendly web applications, I am eager to leverage my skills and banking experience to contribute to a dynamic development team.

EDUCATION
